

MEDIAKIT

AMANDA FORD

About me

I am a Brazilian model with a background in acting and cinema, having studied at the Wolf Maya Acting School in 2017. My experience includes theatre productions, television appearances, and international commercial work, including a campaign for JBL in Hong Kong. I have also represented Brazil in global beauty pageants; I was crowned Miss Universe Uberlândia 2024, I also represented Brazil in India at Face of Beauty International.

Throughout my career, I have received several awards, most notably being honored as Best Media Personality in Latin America at the World Influencers Awards 2021 in Cannes.

I have worked with international brands, walked the runway, and been featured in leading publications such as Harper's Bazaar, L'Officiel, and Forbes. I have also attended major events, including the Cannes Film Festival and the Asian Film Awards, and collaborated with ARTE Madrid.

Today, I work also as an influencer, having built a strong and engaged following over the past 10 years of my career.
